Don W. - Hot water heater for bathroom.

Members will discuss & finalize list at Jan. meeting.

Show and tell:

Jamie B. displayed his homemade coil winder that is used to make magnetic actuators in place of servos for 2 ounce and less micro sized planes where weight is an issue. The device was constructed from an old hard drive, some slo-sync motors, electronic counter and several other odds and ends. This will be posted on the STARS website. Jamie B. also displayed a way to store multiple airplane fuselages and wings when not in use via some adjustable metal pegs.

This was achieved by purchasing from Home Depot some ½ inch electrical conduit, 3/8 inch bolts, large washers, uni-strut and 3/8 inch uni-strut nuts. Details have been given on the STARS website.

Meeting Adjourned.

Motion to adjourn made by Don W. seconded by Jim G, approved by all present.

Meetings:

Next Regular STARS general meeting will be held at JCC Jan 10th starting @ 7:00pm.

DUES ARE DUE – DUES ARE DUE

Enquiries have been made to me from people who live outside the area (some of whom attend our events) about the possibility of acquiring an associate membership in the STARS CLUB. They have indicated they would be happy to pay dues. They would not be able to attend many (if any) meetings and would not be able to work at the STARS RALLY. At least one person said he would be able to help out at the STARS OPEN HOUSE. The privilege they would like to enjoy is occasionally flying with the STARS , when they are in the area. We already allow people to fly with us as guests. These enquiries were made by people who simply wish to pay for that privilege as a matter of conscience. These people are attempting to be responsible to the club in the only way that are able, by paying dues for a privilege we already allow them. In fact, we already have members who, for the same reasons, pay dues but are rarely seen and do not work events or attend meetings.

I believe there is room in the STARS organization for associate members.

However that decision is ultimately up to the entire membership. For that reason, I would like the subject to come under discussion at the regular meeting and will put it on the agenda.

STARS members enjoy lunch together every Wednesday at The Bird Cage in Allegany. We meet at 11:30am

The next "dinner night out" for any STARS and their mates and/or friends will be January 12th at Don Lorenzos' in Allegany. Attend if you can. It is always a good time.

Please note that you should be making your reservations & choice of dinners for the Winter Party at the January meeting. If you are unable to attend the meeting, call or e-mail Tom Orcutt or Mike Zias with your res & choice as soon as possible.

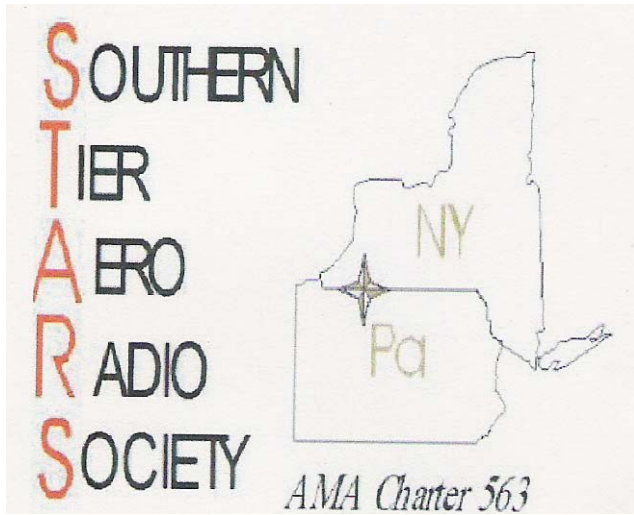

In case I haven't mentiond it before - Bill Burkett is the longest standing member of the field maintenance crew. A huge THANK YOU to all the field maintenance crew for keeping STARS in the air.

I just want to say "THANK YOU" to the entire membership for all the support and fellowship you have given me during my first year as your President.

That's all for now folks. Any constructive comments are welcome. As usual, if you feel I am not creating the newsletter in an acceptable fashion - fire me - PLEASE!

President
